## **CAMP** Geomorphological **Task Group Meeting** 14/12

## Agenda

- Discussion on River Style Mapping
- Dr. Vikrant Jain (IIT Gandhinagar) will lead the group and provide guidance.

## **Takeaway Points:**

- 1. Dr Vikrant Jain has explained the procedure for River Style mapping, please use the following links to access the powerpoint presentation, video recording, Journal paper and website for reference.
  - Powerpoint presentation: <u>River Styles Intro</u>
  - Video Recording: <u>Geomorphology task group meeting 20241214</u>
  - Journal paper: Sonam et al. (<a href="https://www.sciencedirect.com/science/article/pii/S2590056021000347">https://www.sciencedirect.com/science/article/pii/S2590056021000347</a>)
  - Website: <a href="https://riverstyles.com/">https://riverstyles.com/</a>
- 1. All institutes are requested to initiate work on River Style Mapping and develop a timeline for its completion.
- 2. All centers are requested to present their progress, challenges, and doubts related to river style mapping during the next Geomorphological Task Group meeting, tentatively scheduled for December 31st.

## Takeaway points Cont...:

- 4. Please coordinate with your Remote Sensing task group to integrate the flood plain mapping with the river style mapping.
- 5. Please contact Dr. Vikrant Jain (IIT Gandhinagar) for queries regarding river style mapping,
